

## ***AVA-ANKC Australian Canine Eye Scheme: List of approved Panellists***

The **AVA-approved ACES Panellists** (as at 30 June 2013) are listed below. The Panellists' names appear alphabetically under the State or Territory where services may be provided.

**New legislation** is being introduced State by State that allows registrable professional qualifications to be recognized in States other than the State of primary registration, but this does not yet apply for veterinarians across all State boundaries / in all jurisdictions.

The following veterinarians hold **current specialist registration** in one or more States or Territories, and may conduct examinations and sign ACES certificates **provided** they are duly registered **or** they comply with the mutual recognition provisions applicable to that jurisdiction. In addition to maintaining current specialist registration, all serving ACES Panellists are expected to be financial members of the AVA.

### **Queensland**

#### **Dr Michael Edward Bernays**

Animal Eye Services

Cnr. Kessels Road & Springfield Street, Macgregor, QLD 4109

email: [mbernays@bigpond.net.au](mailto:mbernays@bigpond.net.au) Practice Telephone: (07) 3422 2010
