

## Safe Cat, Safe Wildlife – Join Us

We are looking for interest groups across Victoria who would like to join the **Safe Cat Safe Wildlife** network.

If you are a vet clinic, wildlife carer, pet adoption centre or local council and would like to join our collaborative community education campaign, get in touch.

[Register your interest here](#) or email [safecat@zoo.org.au](mailto:safecat@zoo.org.au)

When pet cats are left to roam they are at very real risk of disease and injury from fighting and road accidents and also risk contributing to the loss of local wildlife. With the proper care and attention, owners can optimise their cat's welfare and protect wildlife by keeping them safe at home.

RSPCA Victoria and Zoos Victoria are encouraging cat owners to join the Safe Cat, Safe Wildlife community, where they will get quarterly communication with easy tips and tricks that will make keeping their cats at home more often fun for them and their pet.

Blogs will help cat owners to troubleshoot cat behaviour as well as share profiles of some of the wildlife species cat owners are more likely to see as a result of their cats spending more time at home.

CHASE TIP

**Blow bubbles for your cat.**

Cats will enjoy playing with these as they float through the air. They will pounce, swat, chase and jump.

SENSORY TIP

**Leave some extra room in a bookshelf.**

This is a simple way to create a nice, tight space for your cat where they can rest and keep an eye on what's happening around your home.

## What you'll receive

We'll send you a starter pack with posters, 100 postcards, a window sticker and a range of digital resources to share with cat owners. We will also include you as a list of supporters on the Safe Cat, Safe Wildlife website.

## Contact

For more information on this campaign please contact Ben Sanders, Senior Manager Conservation Campaigns, Zoos Victoria P: (03) 9340 2724 E: [bsanders@zoo.org.au](mailto:bsanders@zoo.org.au)
