

**Super for the
veterinary
industry**

We're the fund for vets

GuildSuper is the super fund for the veterinary industry. Nominated in the Animal Care and Veterinary Services Modern Award 2010; we understand your needs. We work hard to create simple, time-saving services for you and an incredible fund – with ground-breaking services – for your staff.

Helping you manage your superannuation obligations

Providing super to your staff is an essential part of doing business, however we know it can be time consuming. With time-saving tools and our personalised service, we can help you manage your superannuation obligations.

Simple payment methods

With just a few clicks you can make multiple payments to all your employees chosen super funds with Employer Portal[^]; a no-cost clearing house; leaving more time for you to manage your business. A clearing house can help you improve efficiency, save time and avoid risk.

Tools to help you meet your super needs

We provide a range of tools and checklists to help you comply with rules set down by the Fair Work Commission and the Australian Taxation Office.

Our easy to use guide, *Super and your business*, can help you by providing the right information at the right time and help you keep the appropriate records.

Our *New Employee Checklist* can be used as a record to show you have provided new employees with the right paperwork.

Regular updates to keep you informed

We provide you with regular updates and information about changes to the superannuation industry that affect you and your employees.

In addition, we send you quarterly Superannuation Guarantee (SG) reminders, so you stay up-to-date with SG payment dates.

We will come to you

You will have access to a dedicated Client Relationship Manager who will provide you and your employees with personalised help, assistance and value-added financial education; resulting in improved financial literacy for your employees and reducing the amount of time you spend on their super queries.

GuildSuper is an active supporter of national and state-based veterinary associations, conferences, employee training events and is a proud partner of the Australian Veterinary Association Graduate Mentoring Program.

We're here for your staff

We understand that attracting and retaining the best possible staff is vital to the success of your business. With GuildSuper, you can give your staff a super fund with great features and benefits – all for great value.

Simple and flexible investment solutions

At GuildSuper we don't believe that one size fits all. Members can choose between selecting their own investment portfolio or using the Fund's helpful MySuper default lifestage option.

Unlike a lot of other default funds, GuildSuper's MySuper option automatically changes a member's investments as they get older.

Automatic insurance cover

So long as a few simple criteria are met, GuildSuper members receive cost effective default Total and Permanent Disablement, Life and Income Protection insurance cover,* with the option of tailoring the cover to meet their needs. To assist members with tailoring their cover we provide easy to use tools and calculators to determine how much cover they may need.
