About the Summit

We are delighted to be able to deliver the highly anticipated 2022 Summit face to face; it will be the first time some of us have come together in a non-virtual way in three years.

VBG Summit is a two-day event tailored to suit ALL levels of experience within veterinary business. From those just starting out and needing to establish all the key skills and framework, to those that have significant experience already but want to further increase their expertise.

Day one is going to be all about the big picture. We plan to stimulate your brain and to step outside of the box in this post COVID era. Day two will focus on the “nitty gritty”- concentrating on the barriers to growing and building a sustainable veterinary business into the future.

2020/21 has taken a lot from all of us emotionally. We have been forced to confront the realities of the moment whilst maintaining the essential service that we offer. Our goal now is to emerge bigger, better, stronger.

Come ready to input as much as you know, so that collectively we will all take away so much more at this year's Summit.

Yes, we will look back and reflect, but more importantly, we will stand tall and with support from your colleagues, harness the future.

Can't wait to see you all there.

Why attend?

The theme of the VBG Summit for 2022 is “Emergence”. As veterinary businesses recover from the whirlwind of trepidation that occurred in 2020/2021, they can now emerge into a new and novel business environment. Practices are busier than ever. Instead of our usual focus on attracting and retaining clients, gaining a competitive edge and discovering your unique service position; we are going to develop strategies to thrive in a brave new world.

The Summit will give you the tools to:

**Manage
workflow with
limited staff**

**Set fees that
make sense**

**Adapt to
changing
technologies**

**Create a
mentally
safe work
environment**

**Discover what's
important
to you**

**Change the
thinking of
your team**

**Strengthen
your leadership
position**

**Understand the
big changes on
the horizon**

**Connect with
business
leaders, friends
and colleagues**

Delegates
will also
receive up
to 14 VetEd
points.
