Australia's premier veterinary conference and exhibition

The profession:
better working together

Introducing our international keynote speakers

Cindy Adams (Canada)
Stream: Business, Education, Industry

One of the world's most eminent lecturers on the science of veterinary communication.

Don Broom (UK)
Stream: Welfare, Cattle, Industry, Food Security Day

Don will discuss aspects of assessment of pain, welfare of animals during transport, welfare law and the balance between sentience, welfare and ethics.

Jerzy Gawor (Poland)
Stream: Dentistry and Unusual Pets

Jerzy will cover a variety of dentistry topics ranging from oral tumours, oral fractures, endodontics, periodontal disease and oral diseases of rabbits and rodents.

Delia Grace (Kenya)
Stream: Public Health

Delia Grace is an Epidemiologist and veterinarian with over 20 year's experience in developing countries.

Gayle Hallowell (UK)
Stream: Equine

Gayle will discuss fluid therapy, clinical pathology and management of the sick foal, equine emergency and trauma management and cardiovascular changes in critically ill horses.

Gonçalo da Graça Pereira (Portugal)
Stream: Behaviour

Gonçalo is one of Europe's most respected veterinary behaviour specialists covering numerous aspects of environmental effects on feline behaviour and development, behavioural problems of aged cats and noise reactivity in dogs.

Gudrun Ravetz (UK)
Stream: Business and Industry

Gudrun will discuss what makes vets happy at work and gender bias in the veterinary profession.

Catherine Sturgeon (UK)
Stream: Small Animal

Catherine will cover a variety of soft tissue procedures – ranging from optimising caesarean sections, feline pull injuries, adrenal and biliary surgery and supporting the trauma and blood loss patient.

Rikke M Schultz (Denmark)
Stream: Acupuncture

Rikke will be speaking about Fascia – the forgotten tissue, myofascial planes, kinetic lines and meridians and will also cover the use of acupuncture points of the head.
