Melbourne Metropolitan Practitioners Branch

State of the Art: Update on Epilepsy

Dr Sam Long BVSc, MVM, PhD, DipECVN, MRCVS
Head of Neurology and Senior Lecturer, University of Melbourne
As Senior Lecturer, Dr Long is responsible for teaching undergraduate lectures, teaching undergraduate students on clinical rotation and resident training. He is also responsible for the neurology service which treats patients referred from primary clinicians with neurological conditions. Dr Long is also pursuing his research interests through a number of research projects and through collaborations with other researchers around Melbourne and internationally. He is currently the only certified specialist neurologist and neurosurgeon practicing in Australia. Before taking up this position, Dr Long was an Assistant Professor at the University of Pennsylvania, in Philadelphia, an academic position he held for 3 years following 7 years in Glasgow, Scotland, during which he completed a residency in veterinary neurology before fulfilling a PhD in canine cancer activity.
